Today,
I'm going to
introduce to
you the fine
members of
that group.

Hello.
I'm Yamai Ren, a
person completely
unaffiliated with
the high school
girls band
"Perro Raboso".

But
her ears
are fine.

I wonder how
the idea to make
a band crossed her
mind, considering
she has the least
sense for music
in the group.

This girl
is Ojousa
Mako,
playing the
guitar.

Her
tongue
must be
fine.

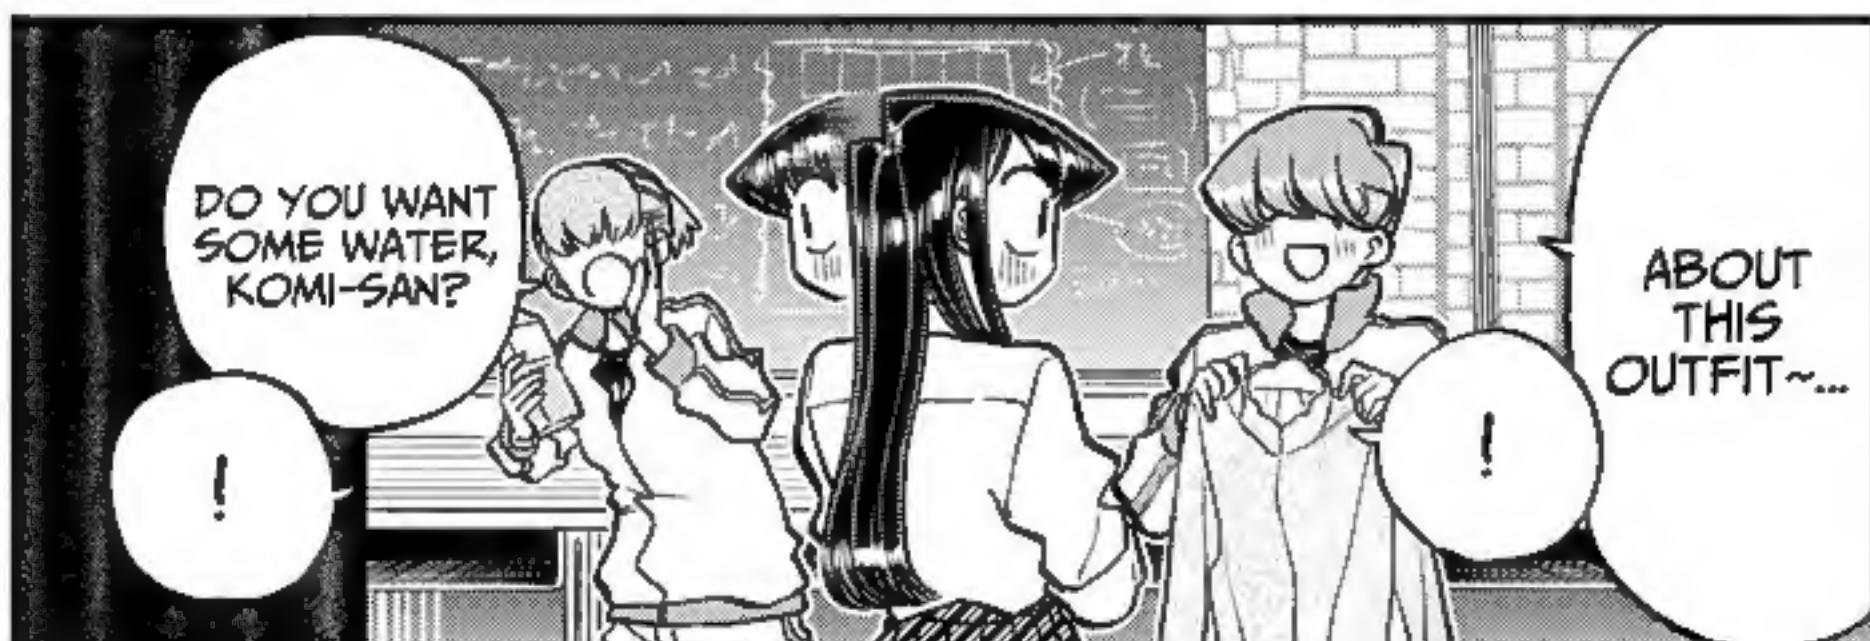

Her home is
a bakery, and
she was eating
something called
the "raw egg
with rice bread"
bread the
other day.

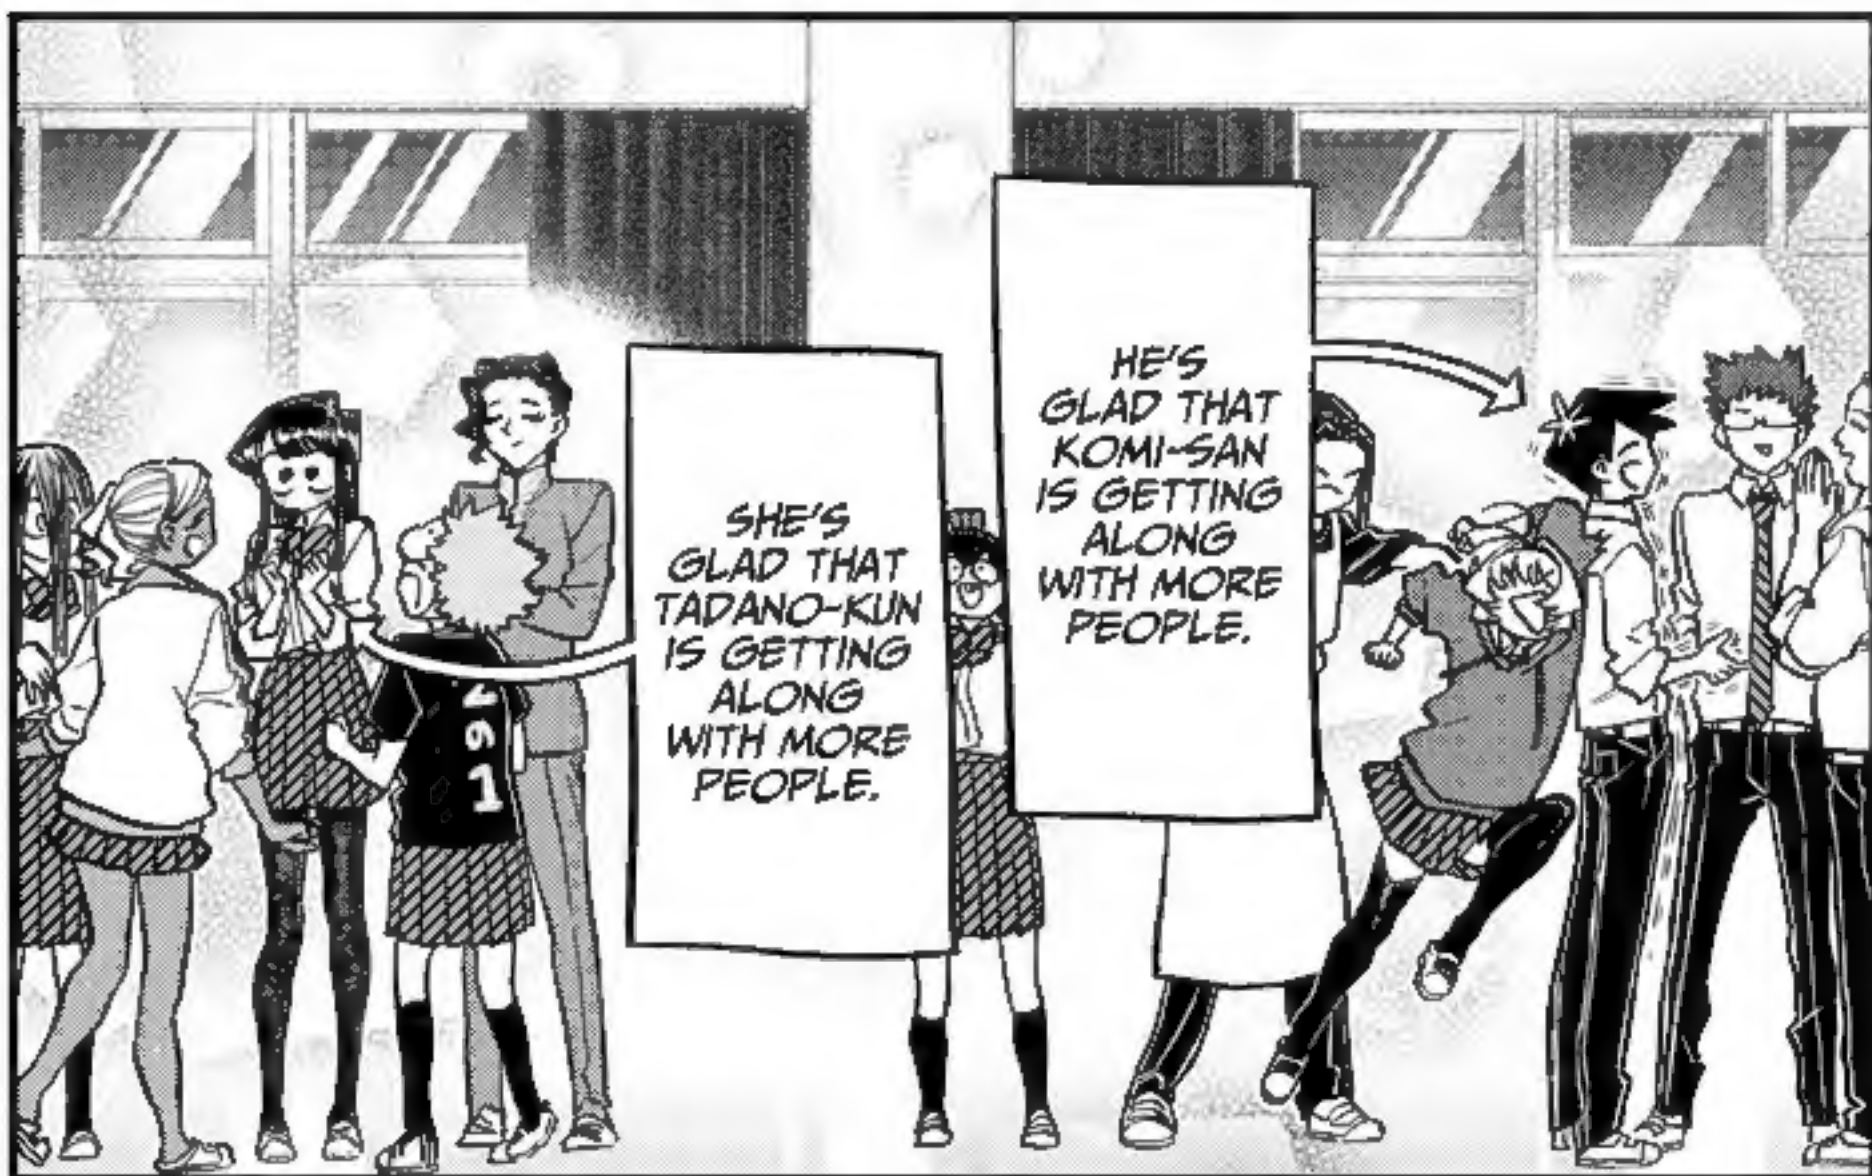

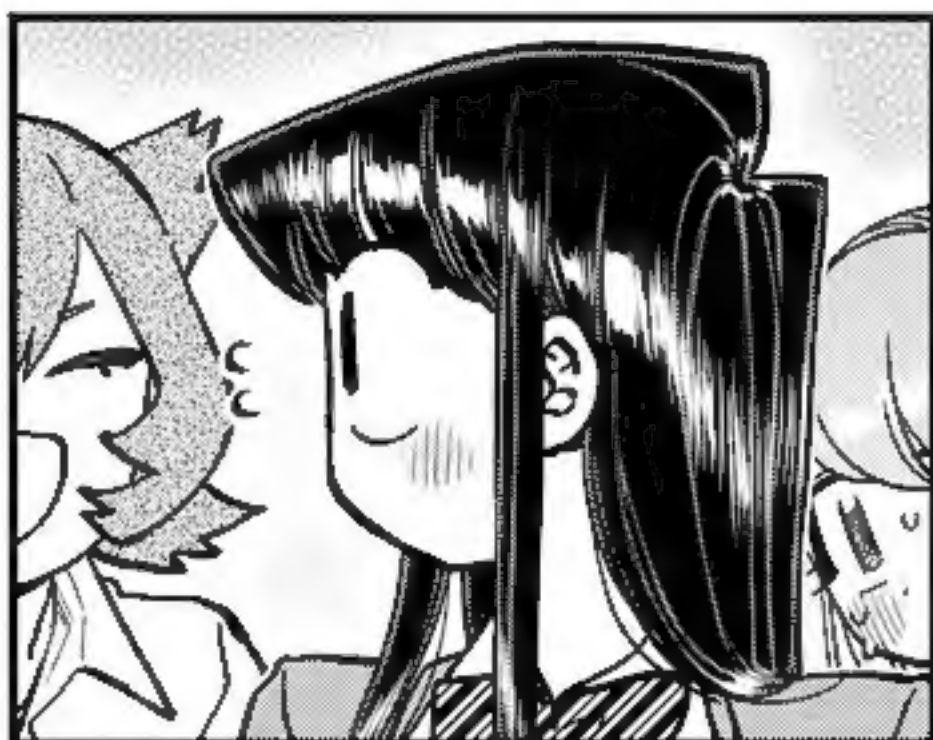

And
this is the
drummer,
Hanya
Tonatsu.

Night before the festival
